

**HYDROGEN
HIVEMINDS**

CERTIFICATE OF ATTENDANCE

18-20 March 2026 | Brussels

We hereby declare that

AKSHAY BAMBORE

ULB

Has successfully participated in the
Hydrogen HiveMinds Ideathon – Big ideas for Belgium's Hydrogen Future
For a total of **25 hours of active participation**

Day 1: 9-18h | day 2: 9-18h, Day 3: 9-16h

The Hydrogen HiveMinds Ideathon is a 3-day intense, collaborative innovation event in which multidisciplinary academic teams develop forward-looking, Belgium-anchored case studies addressing key challenges and opportunities within the hydrogen ecosystem

SKILLS BUILDING | During the ideathon, participants actively engaged in

- Problem framing and system-level thinking
- Creative ideation and solution development
- Interdisciplinary collaboration
- Stakeholder-oriented thinking (policy, industry, research)
- Rapid prototyping and concept validation
- Pitching and science communication

This certificate acknowledges the development and strengthening of both technical insight and transversal skills relevant to research, innovation and real-world impact in the field of hydrogen and beyond.
